

CHICAGO SAFETY PENS AND EVRDA PENCILS

A PEN and PENCIL
for
EVERYBODY EVERY DAY

Always Ready to Serve YOU

CHICAGO SAFETY PEN CO.

538 South Clark Street - - - CHICAGO, ILL.

Why the CHICAGO SAFETY Pen and EVRDA Pencil is Superior to Any Pen or Pencil on the Market Today

In CHICAGO SAFETY pens and EVRDA pencils we have the fountain pen and pencil brought up to its highest state of perfection. Every CHICAGO SAFETY pen and EVRDA pencil is guaranteed to please the user. Any pen or pencil that does not prove satisfactory may be exchanged without charge.

We will clean, relabel, or adjust your stock of CHICAGO SAFETY pens and EVRDA pencils as often as necessary without charge when sent to us, so they will be in saleable condition at all times.

The CHICAGO SAFETY pen is simple in construction not having any springs to become corroded by the acid in the ink. It has the largest ink capacity of any pen on the market, owing to the fact that there are no unnecessary devices which naturally take up space, and cut down the ink capacity.

The EVRDA pencil whose construction is entirely an assembling operation, and can be put together, taken down, and rebuilt without harming the parts.

All CHICAGO SAFETY pens are equipped with nickel silver clips, and gold filled rings on all unmounted pens. All mounted pens are equipped with gold filled clips. **THERE IS NO EXTRA CHARGE FOR THIS FEATURE.**

Turning cap to the right forces lead out. Turning to left draws lead back. To use eraser, pull off cap.

TO REFILL

Turn cap to the right as far as it will go and pull cap off. Take hold of lead chamber at eraser and turn to the left with a slight outward pull, removing inner spiral. Pull out eraser, take a new lead, and replace eraser. Remove the old lead from spring clutch, and insert new. Run spring clutch with lead about half way up spiral. Insert spiral, with pin in spring clutch under clip on the long pencil, and star on the short pencil, as far as it will go, then turn to the right with slight inward pressure until it locks. Replace cap by pushing on until it snaps over the shoulder on outer casing. Turn to the right until lead appears and your pencil is ready for use.
